

from 2007 to 2010

This is to certify that

## Friendlyware Services Pty Ltd

Has cumulatively contributed to offsetting an estimated 64.98 tonnes of greenhouse gas emissions by the establishment of native trees and shrubs.

**Carbon Neutral's mission is to reduce carbon emissions through education and revegetation**

As a not for profit company, Carbon Neutral works with hundreds of organisations and thousands of individuals to measure, reduce and offset carbon emissions and support revegetation projects.

Carbon Neutral partners with Men of the Trees WA, Trees for life in South Australia, and Landscapes for Life in Victoria. Together these organisations have contributed over 39 million native trees to the Australian landscape over the past 30 years.
